

## Product End of Life Notice

August 11, 2006

Dear Valued Customer / Partner:

The purpose of this letter is to serve written notice of Transition Networks' intent to discontinue the A-CF-02 series of ATM copper to fiber media converters. This series of ATM converters is being discontinued due to the end-of-life status of key components used in the product.

Transition Networks will officially discontinue the following models:

<b>Model</b>	<b>Description</b>
A-CF-02	ATM RJ-45 to Fiber 1300nm MM SC 2km Stand-alone Converter
A-CF-02(SM)	ATM RJ-45 to Fiber 1310nm SM SC 20km Stand-alone Converter
C/A-CF-02	ATM RJ-45 to Fiber 1300nm MM SC 2km Conversion Center Module
C/A-CF-02(SM)	ATM RJ-45 to Fiber 1310nm SM SC 20km Conversion Center Module

Final Order Date:

Transition Networks will not be able to offer the opportunity to place final orders for these media converters. The discontinuation of the A-CF-02 series is effective immediately.

Replacement Product:

Transition Networks will not be offering a direct replacement product. Please contact your Transition Networks sale representative for a complete list of available media converters.

Closing:

We look forward to new opportunities to support your networking requirements with our comprehensive product line. Should you have any questions, please contact your sales representative.

Sincerely,

Transition Networks Management Team
