

## Product Replacement Notice

September 26, 2008

Dear Valued Customer / Partner:

Transition Networks will be discontinuing its E-TBT-MC04 transceiver. This product is an AUI to 10Base-T media access unit (MAU) which connects an AUI port on data terminal equipment, repeaters, or other network devices, either directly or through an AUI cable, to an Ethernet 10Base-T device.

Transition Networks will be offering a functionally identical replacement product with design enhancements for broader support of legacy AUI based devices.

Discontinued Product:

<b>Model</b>	<b>Description</b>
E-TBT-MC04	AUI to 10Base-T RJ-45 Transceiver

Replacement Product:

<b>Model</b>	<b>Description</b>
E-TBT-MC05	AUI to 10Base-T RJ-45 Transceiver

Last Order Date:

Orders for the E-TBT-MC04 will be accepted through November 28, 2008 or while supplies last.

Availability:

The Transition Networks replacement model, E-TBT-MC05, will be in stock and available to ship in November 2008.

Closing:

We look forward to new opportunities to support your networking requirements with our comprehensive product line. Should you have any questions, please contact your sales representative.

Sincerely,

Transition Networks Management Team
