

Product End-of-Life Notice

October 12, 2006

Dear Valued Customer / Partner:

The purpose of this letter is to serve written notice of Transition Networks' intent to discontinue several of our legacy conversion products including: IBM 3270 stand-alone media converters, Token Ring stand-alone media converters, Token Mod Adapters, and Fast Ethernet LAN Impedance Matching Devices.

Transition Networks will officially discontinue the following models:

Model	Description
B-CF-01	IBM 3270 Media Converter, BNC or RJ-45 to MM ST 2KM
B-CF-01(SM)	IBM 3270 Media Converter, BNC or RJ-45 to SM ST 8KM
TR-CF-01	Token Ring Media Converter, RJ-45 to MM ST 2KM
TR-CF-01(SM)	Token Ring Media Converter, RJ-45 to SM ST 20KM
ICS-45-CA	Token Mod Adapters, IBM Type 1 to RJ-45 Active Pins 3456, 1&2 Shields
ICS-45-CN	Token Mod Adapters, IBM Type 1 to RJ-45 Active Pins 3456
ICS-45-100TX-C	Impedance Matching Device, IBM Type 1 to 1000Base-T RJ-45

Final Order Date / Final Ship Data:

A last time buy opportunity is available for the discontinued products. Orders will be accepted through 11/30/2006. These final orders must ship on or before 1/31/2007.

Replacement Product:

Transition Networks will not be offering direct replacements for the discontinued products.

Closing:

We look forward to new opportunities to support your networking requirements with our comprehensive product line. Should you have any questions, please contact your sales representative.

Sincerely,

Transition Networks Management Team
